SWPA BOTSIG
305 E. CARSON STREET
PITTSBURGH, PA 15219

I'M DOING SOMETHING ABOUT THE FUTURE OF MANUFACTURING.

WHY IT'S WORTH YOUR INVESTMENT:

- BotsIQ is Southwestern PA's only job-driven industry-created program to promote manufacturing as a viable career option to high school students.
- 4,000 students now have manufacturing skills they learned through BotsIQ; a significant number have gone on to use those skills in manufacturing jobs in local companies.
- 40% of Southwestern PA manufacturing workers will retire by the year 2020. To simply maintain our current workforce, we'll need 20,000 new manufacturing workers in the next five years.

**BOTSIQ DOESN'T AIM TO MAINTAIN.
WE WANT OUR INDUSTRY TO THRIVE.
WITH YOUR HELP, IT WILL.**
